

Privacy and Progress in Whole Genome Sequencing (Paperback)

Filesize: 1.6 MB

Reviews

This is actually the best book i actually have go through right up until now. It generally will not price an excessive amount of. I discovered this book from my dad and i suggested this book to understand.
(Norma Carroll)

PRIVACY AND PROGRESS IN WHOLE GENOME SEQUENCING (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Privacy and Progress in Whole Genome Sequencing concludes that to realize the enormous promise that whole genome sequencing holds for advancing clinical care and the greater public good, individual interests in privacy must be respected and secured. As the scientific community works to bring the cost of whole genome sequencing down from millions per test to less than the cost of many standard diagnostic tests today, the Commission recognizes that whole genome sequencing and its increased use in research and the clinic could yield major advances in health care. However it could also raise ethical dilemmas. The Commission offers a dozen timely proactive recommendations that will help craft policies that are flexible enough to ensure progress and responsive enough to protect privacy.
