Why is it that before the marriage or during the early stages of your relationship both of you were over the hills in love with each other but now, there are only complains, blame throwing, cheating, fighting, quarreling, lack of intimacy and so on Where did you both go wrong Some people dont cheat or quarrel, they just give the silent treating. This treatment is silent but it definitely says a lot with a screaming voice that may make you go deaf. From personal experience as well as that of others around me I have come to the conclusion that one of the major factors that can cause this is poor sexual life. Now read very well, I didnt say the only factor, I said ONE OF THE MAJOR FACTORS. Whether you believe it or not, sex plays a very big role in our relationships. This applies to both married and unmarried couples. Some women have lost the desire to have sex due to certain reasons. A man has to know what these reasons are and work towards correction them if he equally wants to enjoy sex with his partner. This book teaches the men how to re-awaken their womans sexual urge. It is not something you do once and forget or something you rush. You take it in stages in other to see great results. This item ships from La Vergne, TN. Paperback.
