

## Report of Professor R.S. McCulloh, to the Secretary of the Treasury, Upon Refining Gold with Zinc (Paperback)

---

By Richard Sears McCulloh

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1852 Excerpt: . usually contains, the process employed leaves unextracted from 1 to 2 per cent., or perhaps, on an average 1½ per cent. Hence depositors are charged with two per cent., and this is credited to the silver account of the melter and refiner; the difference between 2 per cent, allowed to him, and 1½ per cent., the average left in the gold, gives him the margin of one-third of one per cent, to mask his actual silver wastage. 68. It would, however, I believe, be impossible to determine by any reasoning upon the data known to me, what has probably been the actual silver wastage of the present melter and refiner; for the reason that, from November 14, 1850, to April 1, 1851, the mint could not perform the work required of it; and it consequently happened that large quantities of California gold were coined, without having been...
