It was only when the doctor when to certify her death that he noticed a tiny movement. This is the inspiring story of a life that almost didn t happen, a life spent overcoming the difficulties caused by Cerebral Palsy and by people s reactions to disability. \*\*\*\*\* I often thought of writing about my life and the difficulties my family and I have had to face. There was no one around to ask how my disability would affect things. I felt bitter against the world. Why me? Why not somebody else? You know, if I had the chance to go back now, I wouldn t change a thing. I d like to take out my bad parts, but no one s perfect. I ve always known that I m very lucky to have had such a loving family and such very good friends and I d like to thank them for all they ve done to shape me into who I am today.
