Filesize: 4.75 MB

Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Salvador Lynch)

Sage Publications, New Delhi, India, 2009. Paperback. Book Condition: New. First Edition. As good governance becomes more and more important with societies all over adjusting to the reality of the emerging world, the good governance discourse paradoxically seems to be exhausting itself. This is the time to revive it. The Intelligent Persons Guide to Good Governance is unique in that it takes the discourse on governance beyond its self-inflicted narrow perspective by providing an integrated treatment of various relevant issues, for example, the role of the state or the idea of civil society. In carrying out a lucid analysis of a fluid concept, this book offers a one-stop resource for understanding the subject. The central argument of the book that any serious engagement with good governance must go beyond an exclusive reliance on the state or the market and explore different modes of partnerships, including public participation, is relevant and indeed timely in the present crisis. Is there one book on good governance that you can read to acquire the basics on the subject? The Intelligent Persons Guide to Good Governance is written with just this question in mind. It is written for all those who may be interested in exploring the subject for academic or practical purposes. Surprisingly, in the vast literature that exists on good governance, there is no such book, nationally or internationally. Printed Pages: 212.
