

The Cold War U.S. Army: Building Deterrence for Limited War (Hardback)

By Ingo Trauschweizer

University Press of Kansas, United States, 2008. Hardback. Book Condition: New. 231 x 163 mm. Language: English . Brand New Book. The Cold War marked a new era for America's military, one dominated by nuclear weapons and air power that seemed to diminish the need for conventional forces. Ingo Trauschweizer chronicles the U.S. Army's struggles with its identity, structure, and mission in the face of those challenges, showing how it evolved, redefined its mission more than once, and ultimately transformed itself. Trauschweizer describes how, beginning in the 1950s, the army faced an unprecedented problem: how to maintain a combat-ready fighting force that could operate on both conventional and nuclear battlefields. Faced with shifting threats to national security, budgetary battles, and unstable political developments around the globe, the army also had to keep abreast of new weaponry while navigating changes in its own top brass and the presidency. Trauschweizer particularly considers the army's organizational and doctrinal response to problems posed by deterrence in Europe, focusing on the evolving role of the Seventh Army in West Germany - the largest and best-prepared field army the U.S. had ever deployed in peacetime. He explores the roles of Generals Matthew Ridgway, Maxwell Taylor,...
