The questions on each subject are grouped separately and numbered, the answers follow with their corresponding numbers, which will enable you to find any question or answer at a glance. The size is also a special feature as it is made to fit an ordinary pigeonhole, where it can be kept out of the way, but always at hand. The questions herein given have been carefully selected from many thousands that have come to the author in his practice of twenty-five years as a Consulting Accountant and Auditor, Business and Financial Advisor, and in preparing the answers has consulted the best legal authorities and highest court decisions in the United States. The authorities consulted and frequently quoted throughout this work, which the author wishes to publically acknowledge, are Thompson's Commentaries on the law of Corporations, Parsons and Crawford on Negotiable Instruments, Colebrook on Collateral Securities and Lindley on Partnership. This little volume is sent forth, with the hope that all who refer to it may be enabled to Cut Short Their Losses, Let Their Profits Run on and Secure Better Accounting.
