Sanatorium Girl (Paperback)

By Margaret Drake

iUniverse, United States, 2005. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. In 1920, tuberculosis was the main killer of young people. Occupational therapy had just begun as a profession unto itself. The Mississippi State Tuberculosis Sanatorium had been open only two years. Louisa Anne McFarland, from Jones County, was sent to the Sanatorium to heal her tubercular lungs. On the same path so many TB patients took, she remained to work after being healed. She learned how to do occupational therapy with other patients. Early occupational therapists seldom had formal professional education or any kind of formal credentialing. This novel is an example of how such unrecognized women of the early 20th century saw a need and filled it. With so many young adults thrust together, the outcome of sex and unwanted pregnancy was inevitable.

Reviews

A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. Its been designed in an extremely basic way which is merely right after i finished reading through this publication where basically altered me, change the way i believe.

-- **Kitty Crooks**

It is great and fantastic. Better then never, though i am quite late in start reading this one. Its been written in an extremely simple way and is particularly only right after i finished reading this ebook where actually changed me, affect the way i really believe.
