paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pages. Number The: 206 Language: Simplified Chinese in Publisher: National Defence Industry Press; 1st edition (2011 November 4 Day). Panxue Tao. Wu Hua Chi editor of the principle of the sensor and detection technology practice guidance tutorial is sensor principle and detection technology supporting practice tutorial. The book is divided into upper. middle. 3. On the theoretical foundation for sensor detection technology experiments a brief introduction to the basic concepts of the sensor characteristics of indicators. the basic principles of the various types of commonly used sensors. measurement error. data processing and data processing software; medium-length sensor principle and typical detection experiment apparatus. details the basic rules of the experiment. the use of common electrical measuring instruments. domestic typical sensor and detection technology experimental device structure composed of the characteristic parameters and instructions for use; next sensor principle and detection technology experiments in detail the signal conditioning circuit. commonly used sensor principle and application of the principles and applications of optoelectronic sensors 3 validation. integrated and designing experiments. and Chapter 10 devoted to innovation based on the NI ELVIS platform experiment. Principle of the sensor and detection technology practice tutorial content-rich. clear. easy to understand. Numerous aspects of the sub-level. comprehensive verification. design. innovation and experiment. progressive repeated training to achieve from the base layer. application layer. and layer to a leap of innovative layer. in order to achieve the students' practical ability and The purpose of the innovation capability. Book used as supporting experimental teaching materials for all types of colleges and control technology and equipment. Electronic and Information Engineering. Optical Engineering. automation. mechanical design and automation majors. independent Less-hour course as a vocational school materials. is...
