

The Gilded Age and Progressive Era: A Student Companion (Hardback)

Filesize: 5.95 MB

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Talia Cormier)

Oxford University Press Inc, United States, 2006. Hardback. Book Condition: New. 279 x 218 mm. Language: English . Brand New Book. This Companion is an alphabetical encyclopedia of the Gilded Age Progressive Era (GAPE) in the United States, beginning in 1877 with the end of Reconstruction and extending to 1919-20, the end of World War I and the beginning of the Harding administration. Combining materials from traditional political history with newer materials from social, ethnic, and cultural history, the book reflects historiographic trends that have influenced the writing of Gilded Age and Progressive Era histories in recent years. These include revisiting major events with gender and race at the center; asking new questions about the role of economic change and social movements; using literary and critical race theories to read traditional evidence, such as court records and military and diplomatic reports, in new ways; understanding the growing connections in this period of the United States with other parts of the world (globalism); and emphasizing the connection between labor and economic trends and social and political movements. The Gilded Age and Progressive Era: A Student Companion includes articles on overall trends (immigration, education, music, sports), social movements (anarchism, child labor movement, consumer movement, conservation movement), terms (armistice, chain store, chautauqua), organizations (American Expeditionary Force, Knights of Labor, Republican party), issues (gender relations, race relations), events (Haymarket Square massacre, Palmer raids, Pullman strike), legal cases (Lochner v. New York), laws (Chinese Exclusion Act, Meat Inspection Act, Selective Service Act), ethnic groups (Mexicans, Chinese), economic issues (trusts, scientific management), and biographies. The articles are cross-referenced and have sources for specific further reading. Backmatter consists of chronology, general further reading and websites, and index. Black-and-white illustrations--including photographs, maps, fine arts, and graphics--complement the text. Oxford s Student Companions to American History are state-of-the-art references...
