Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A Convergent Model of Renewal addresses a perceived crisis for faith traditions. How do we continue to value tradition while allowing for innovative and contextual expressions of faith to emerge? How do we foster deeper participation and decentralization of power rather than entrenched institutionalism? Drawing on insights from contemporary philosophy, contextual theology, and participatory culture, C. Wess Daniels calls for a revitalization of faith traditions. In A Convergent Model of Renewal he proposes a model that holds together both tradition and innovation in ways that foster participatory change. This convergent model of renewal is then applied to two case studies based in the Quaker tradition: one from the early part of the tradition and the second from an innovative community today. The model, however, is capable of being implemented and adapted by communities with various faith backgrounds. C. Wess Daniels, in A Convergent Model of Renewal, offers a fresh and creative approach to church transformation that respects both tradition and contemporary culture while charting a clear path forward. Through this highly original proposal, Daniels articulates a brilliant synthesis of old and new by way of remix, resistance, and deep, open participation. Applicable beyond the Quaker tradition, A Convergent Model of Renewal would benefit any faith community that looks to remain rooted in their tradition while dynamically responding to the global media culture of the twenty-first century. Highly recommended. --Ryan K. Bolger, Associate Professor of Church in Contemporary Culture, School of Intercultural Studies, Fuller Theological Seminary, Pasadena, CA One of Quakers great contributions to the Christian faith is their historical willingness to challenge tradition when justice is in question. By explaining Quaker reliance on the Holy Spirit and...
